DISCLAIMER: CBARC does not share any information on this application and is to be used only for donation records

ABOUT THE REPEATERS:

Citrus Belt Amateur Radio Club owns and operates two amateur radio repeaters in Crestline.

These repeaters are active 24 hours a day 7 days a week. The repeaters are: On the two-meter band, 146.850 (-) 146.2 pl and on the 220 band of 224.860 (-) 77.0 pl. Also provided on our two-meter repeater is Echolink using the log in of w6jbt-r on Area-6.

We need monetary donations to help with equipment maintenance and operating costs. We appreciate your support to keep the repeaters running for daily use and during times of disaster.

REPEATER NOTES:

Any organization or group wishing to use either Crestline Repeaters shown above for any "net" operations, drills, exercises or any other type of formal or informal usage **must** have prior written approval of use authorized by the Board of Directors of Citrus Belt Amateur Radio Club.

EMERGENCY REPEATER USE:

After earthquakes or any disaster in our area, please **DO NOT** use either repeater for one hour after these events. We ask that the repeaters are left open during that time for any emergency traffic **ONLY**. You may check in, however do not conduct general traffic until repeater has been cleared. We appreciate your attention with this.

RULES:

The following is NOT allowed while using either of the CBARC repeaters.

- * Politics of any kind
- * Music of any type including singing, or background music
- * Use of profanity of any kind as our repeaters are family friendly.
- * Transmitting CW (code) such as practice, demonstrations or general personal callsign "ID". The only code that is allowed is transmitted by the repeater as it's "ID" is required by FCC part 97
- * Dead carriers, continual key-ups. **ALL** key-ups such as checking for radio/repeater signal must be followed by the use of your legal callsign as shown in the FCC rules.
- * "Cross Band Repeat" of any kind
- * Anything that goes against FCC Part 97
- * Anyone found to be violating above rules will be banned from using the repeaters and/or the FCC will be contacted accordingly.

NOTE: We reserve the right to turn off either repeater at our discretion for any reason without notice or warning.
